SNIP-N-CHIP PROGRAM

Our Snip N Chip program is targeted at low-income pet owners and offers spay and neuter services at low cost. The fees also include implanting a microchip.

**BENEFITS OF SPAYING, NEUTERING & MICROCHIPPING**

- Sterilization will increase your pet’s chance of a longer & healthier life
- Reduces animal overpopulation & euthanasia rates
- Microchips can reunite lost pets with their owners quickly, easily & efficiently

**FACTS**

- There are between eight and ten million cats and dogs entering American shelters every year.
- Four to five million of these animals are euthanized.

**If you qualify for the Snip N Chip program, the cost for these services is only $35 per pet.**

Through our Snip N Chip program, we are giving back to both people and animals in our community.
